About the Company:

Wallbridge Mining Company Limited's primary focus is the exploration for platinum group elements ('PGE'), nickel and copper deposits in the Sudbury area of Ontario. The Sudbury area hosts one of the world's largest concentration of nickel deposits and is currently the most active mining camp in North America. Major joint venture partners in Sudbury include Xstrata Nickel, Lonmin Plc and Impala Platinum Holdings Limited. Wallbridge also has a major shareholding in Duluth Metals Limited, which has defined a large copper-nickel-PGE resource in the rapidly emerging Duluth Complex base metal camp in Minnesota. Duluth Metals is advancing this resource through feasibility in joint venture with Antofagasta plc, one of the world's major copper producers. Wallbridge also holds a significant shareholding in Miocene Metals Limited, which was formed to finance the exploration of a portfolio of copper-gold-molybdenum properties in southwestern BC.

About The Documentary Channel:

'Documentary is a digital television station devoted to showing the best documentaries from Canada and around the world. With its special emphasis on feature length films, watching Documentary is like having a cinema in your own living room, showing award winning films twenty-four hours a day, seven days a week.'
