## Cautionary and forward-looking information

This document contains 'forward-looking statements' that were based on Anooraq's expectations, estimates and projections as of the dates as of which those statements were made, including statements relating to the Bokoni Group transaction and anticipated financial or operational performance. Generally, these forward-looking statements can be identified by the use of forward-looking terminology such as 'may', 'will', 'outlook', 'anticipate', 'project', 'target', 'believe', 'estimate', 'expect', 'intend', 'should' and similar expressions.

Anooraq believes that such forward-looking statements are based on material factors and reasonable assumptions, including the following assumptions: that the Bokini Group transaction will receive the necessary regulatory approvals and complete in a timely manner.

Forward-looking statements are subject to known and unknown risks, uncertainties and other factors that may cause the Company's actual results, level of activity, performance or achievements to be materially different from those expressed or implied by such forward-looking statements. These include but are not limited to uncertainties related to the completion of the Bokoni Group restructure and refinancing in a timely manner, if at all; and risk that the necessary regulatory and other approvals for the Bokini Group transaction will not be received in a timing manner.

For further information on Anooraq, investors should review the Company's annual Form 40-F filing with the United States Securities and Exchange Commission [www.sec.gov](http://www.sec.gov) and annual information form for the year ended December 31, 2010 and other disclosure documents that are available on SEDAR at [www.sedar.com](http://www.sedar.com).
