The consistent delivery of accurate analyses relies solely on two factors, namely: market awareness and industry insight. Recent market drivers include the recent surge of durable goods orders buoyed by aircraft related demand, Japan's reversing of earlier gains on news of downgraded economic assessments and news of policy direction expected from the Federal Reserve. When it comes to discovering the right edge at the right time, all these factors play into effect. For a deeper understanding of the mechanics behind these events and how it can affect your portfolio, please refer to our email newsletter delivered to your inbox.
