

Callinan Royalties and Wallbridge Mining Close Investment and Royalty Agreement

13.12.2012 | [CNW](#)

VANCOUVER, Dec. 13, 2012 /CNW/ - [Callinan Royalties Corporation](#) ("Callinan") has completed the transaction previously announced on November 20, 2012 with [Wallbridge Mining Company Limited](#) ("Wallbridge"). Callinan has invested \$1.5 million in Wallbridge by way of a non-brokered private placement and provided Wallbridge with a line of credit for \$2.0 million to fund potential mining development of the Broken Hammer copper, nickel and platinum group metals project.

Under the agreement, Callinan purchased 8,333,333 units ("Units") of Wallbridge at a price of \$0.18 per Unit for \$1.5 million. Each Unit under the private placement consists of one common share and one half common share purchase warrant. Each whole warrant entitles Callinan to purchase one additional common share of Wallbridge at an exercise price of \$0.27 for a period of three years.

In addition, Callinan was granted two royalty options to be exercised on any of the 12 projects currently 100% owned by Wallbridge other than the Broken Hammer project. Each option gives Callinan the right to buy up to a 2% Net Smelter Return ("NSR") royalty on a single property at any time up to the completion of certain mine development milestones. The first 1% NSR royalty can be acquired for \$2 million with inflation adjustment, while the second 1% NSR royalty can be acquired at a price to be calculated by an independent third party based on information from the final bankable feasibility study used for mine construction and an agreed upon discount rate.

The line of credit has an interest calculated as the greater of 10% per annum or a 1.5% NSR royalty prorated on the funds drawn. The term is 3 years or until completion of the extraction and processing of mineral produced from the Broken Hammer project, whichever occurs first. In addition, Callinan was granted the right to buy an additional 1% NSR royalty on the Broken Hammer property for \$2 million with inflation adjustment.
