Coming Report Dates

November 14, 2013: Financial Statement and MD&A for Q3 2013

**Northland** is a producer of iron ore concentrate, with a portfolio of production, development and exploration mines and projects in northern Sweden and Finland. The first construction phase of the Kaunisvaara project is complete and production ramp-up started in November 2012. The Company expects to produce high-grade, high-quality magnetite iron concentrate in Kaunisvaara, Sweden, where the Company expects to exploit two magnetite iron ore deposits, Tapuli and Sahavaara. Northland has entered into off-take contracts with three partners for the entire production from the Kaunisvaara project over the next seven to ten years. The Company is also preparing a Definitive Feasibility Study ("DFS") for its Hannukainen Iron Oxide Copper Gold ("IOCG") project in Kolari, northern Finland and for the Pellivuoma deposit, which is located 15 km from the Kaunisvaara processing plant.

## Forward-Looking Information

This announcement may include "forward-looking" information within the meaning of applicable securities laws. This forward-looking information can be identified by the use of forward-looking terminology, including the terms "believes", "estimates", "anticipates", "expects", "intends", "may", "will" or "should" or, in each case, their negative, or other variations or comparable terminology.
