21.10.2013 | [Marketwired](#)

QUEBEC CITY, QUEBEC--(Marketwired - Oct 21, 2013) - [Monarques Resources Inc.](#) ("Monarques" or the "Company") (TSX VENTURE:MQR)(FRANKFURT:MR7) is pleased to announce that it has signed an agreement to acquire sole control of X-Ore Resources Inc. ("X-Ore"), a wholly-owned subsidiary of [Blue Note Mining Inc.](#) ("Blue Note"). X-Ore owns: i) 50% of the Croinor property for which a positive preliminary economic assessment has been filed on www.sedar.com and for which X-Ore is the project operator under a joint venture agreement with Critical Element Corporation; and ii) 100% of the Croinor-Pershing property. The mining properties are located approximately 70 km east of Val-d'Or by road. They cover a total area of 55 km² and are comprised of 212 mining claims and one mining lease. The properties have accumulated over \$7.5M in work credits with the Ministry of Natural Resources.

On May 16, 2013, Blue Note announced that, as part of a notice of intention to make a proposal under the *Bankruptcy and Insolvency Act (Canada (the "Act"))*, PricewaterhouseCoopers Inc. ("PWC") was appointed as trustee to attend Blue Note and X-Ore in their restructuring efforts. In this context, PWC has developed a request for proposals procedure.

The proposal submitted by Monarques to Blue Note consists in the subscription of 9,999 ordinary shares of X-Ore, which corresponds to 99.99% of all the X-Ore common shares issued and outstanding. This proposal has been accepted by Blue Note. The agreed subscription price for such shares consists in \$110,000 and 1,455,000 common shares ("Common Shares") of the Company. The Common Shares will be escrowed for a period of six months following the date of closing of the transaction. The agreement is conditional upon the following conditions being satisfied: i) the termination of all the royalty agreements linked to the Croinor property; ii) the creditors' approval of the proposal for arrangement which will be submitted to them by PWC as Trustee in accordance with the Act and which will effectively settle all debts owed by X-Ore; and iii) the approval of the competent regulatory authorities. Monarques expects to complete this transaction no later than February 28, 2014.

"After several months of negotiations, we finally managed to find some common ground that will please the Monarques shareholders," said Jean-Marc Lacoste, President and Chief Executive Officer of Monarques. "This project will definitely be more attractive to investors once they take into account the termination of the royalties linked to the Croinor property. We believe that this asset, although much work remains to be done, will be instrumental in creating value for our shareholders."
