

# Channel Receives Final Court Approval for Arrangement With West African Resources

13.12.2013 | [Marketwired](#)

VANCOUVER and PERTH, Dec. 13, 2013 - [Channel Resources Ltd.](#) ("Channel") (TSX VENTURE:CHU) and [West African Resources Ltd.](#) ("West African") (ASX:WAF) jointly report that on Wednesday, December 11, 2013, Channel obtained a final order from the Supreme Court of British Columbia, approving the previously announced plan of arrangement (the "Arrangement") whereby West African is to acquire all of the issued and outstanding common shares of Channel (the "Channel Shares"). The Arrangement is still subject to certain conditions that need to be satisfied prior to the Arrangement becoming effective, the principal condition being receipt of approval by the TSX Venture Exchange (the "TSXV") for West African's inter-listing application.

To accommodate the TSXV review process, Channel and West African have extended the completion deadline to January 15, 2014. Assuming TSXV acceptance is obtained in due course, closing of the Arrangement would occur immediately thereafter and a further notice to the market of that would be made several days in advance.

*This news release contains "forward-looking information" within the meaning of applicable Canadian and Australian securities legislation, including information relating to West African's or Channel's future financial or operating performance may be deemed "forward looking". All statements in this news release, other than statements of historical fact, that address events or developments that West African or Channel expects to occur, are "forward-looking statements". Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "does not expect", "plans", "anticipates", "does not anticipate", "believes", "intends", "estimates", "projects", "potential", "scheduled", "forecast", "budget" and similar expressions, or that events or conditions "will", "would", "may", "could", "should" or "might" occur. This information relates to analyses and other information that is based on expectations of future performance and planned work programs. Statements concerning mineral resource estimates may also be deemed to constitute forward-looking information to the extent that they involve estimates of the mineralization that will be encountered if a mineral property is developed.*

*None of the securities anticipated to be issued under the Arrangement have been or will be registered under the Securities Act of 1933, as amended, or any state securities laws, and such securities are anticipated to be issued in the United States pursuant to exemptions from such registration requirements. This press release shall not constitute an offer to sell or solicitation of an offer to buy any securities in any jurisdiction where such an offer or sale would be unlawful.*
