## Update on \$1,500,000 Share Exchange Agreement with Global Resources Investments

Further to its news release of October 31, 2013 Merrex has amended its C\$1,500,000 arm's length share exchange agreement with London-based investment group Global Resources Investments Ltd. to account for fluctuations in the currency exchanges rates between the Canadian dollar and the pound Sterling.

Pursuant to the amended \$1,500,000 share exchange agreement Merrex will subscribe for 813,450 ordinary GRIT shares at ?1.00 per ordinary GRIT share in exchange for the issuance of 30,000,000 common shares of Merrex at C\$0.05 per common share. After closing of the transaction GRIT will own 19.28% of Merrex's equity shares. The Merrex common shares will be subject to a four-month hold period from the date of issuance. The GRIT shares will be freely tradable on the London Stock Exchange.

A previously announced finder's fee has been cancelled.

The TSX Venture Exchange had conditionally approved the share exchange agreement announced October 31, 2013. However, due to the effluxion of time Merrex must now re-file for conditional approval of the amended share exchange; given the prior approval management foresees no difficulties obtaining this updated conditional approval.

Closing of the share exchange is subject a number of conditions precedent including final regulatory approval and completion of GRIT's listing on the London Stock Exchange.
