About AndeanGold Ltd:

[AndeanGold Ltd.](#) is engaged in the acquisition, exploration and potential development of primarily precious metals properties, principally in Peru and Ecuador. The focus of the Company's exploration activities is presently in advancing its Urumalqui Project, as well as pursuing mineral property acquisitions, in Peru. In Ecuador, the Company's activities have been limited to administrative and legal matters due to the Mining Mandate issued by the Ecuador Constituent Assembly on April 18, 2008. In November 2009, President Correa signed the Mining Regulations into law pursuant to the requirements of the new Mines Law, which was passed in January 2009. This was the final legal precursor to the re-initiation of exploration and mining development in Ecuador. The Company has been issued new mining titles under the new Mines law to its three key Ecuadorian projects and has filed the requisite documents with the Ministry of Non-Renewable Natural Resources and Ministry of Environment ("MRNNR") in support of the Company's request to renew exploration programs on its key projects in Ecuador. In September 2012, the Company received authorization from the MRNNR to renew exploration programs on its Curiplaya Project.
