11.06.2014 | [The Newswire](#)

Toronto, ON / TNW-ACCESSWIRE / June 11 2014 / [Chilean Metals Inc.](#) ("Chilean Metals" or the "Company") (TSX.V:CMX), is pleased to announce it has completed a non-brokered private placement for \$860,000 units, each unit consisting of one common share and one half of a common share purchase warrant ("Unit") at a price of \$0.10 per Unit for total gross proceeds of up to \$860,000 (the "Offering") subject to TSX Venture Exchange approval. Each whole common share purchase warrant ("Warrant") shall entitle the holder to acquire one common share of the Company at a price of \$0.15 per share for a period of 12 months following the date of closing of the Offering.

"The proceeds will be used to advance the company's exploration projects, for general working capital and to enable us to list on the OTC market in the USA. The Canadian capital markets still are not favorable for junior resource companies and we feel broadening our investment appeal by enabling our stock to be traded in the United States makes a great deal of sense at this time. commented Chilean Metals CEO Terry Lynch.

With the private placement completed we also have appointed Dan Crandall from Marelli Accounting Services as our CFO replacing James Albrecht. "James served the company well helping us through the Copequaire transaction and the repositioning of company and we wish him well in his new Financial Service sector position. This move enables the company to save on overhead dollars while still meeting our reporting obligations

The Company also announces the granting of 2,500,000 options to management and board to acquire stock at a price of \$0.25 per share.

[Chilean Metals Inc.](#) owns six 100%-owned properties comprising over 50,000 acres strategically located in the prolific IOCG ("Iron oxide-copper-gold") belt of Chile. Three of these projects are under review by third parties for possible purchase or joint venture.

ON BEHALF OF THE BOARD OF DIRECTORS OF
