03.11.2014 | [Marketwired](#)

BOUCHERVILLE, QUEBEC--(Marketwired - Nov 3, 2014) - [Strateco Resources Inc.](#) ("Strateco") (TSX:RSC)(FRANKFURT:RF9) is pleased to announce that it has given its consent to a transaction between The Sentient Group ("Sentient") and [Toro Energy Ltd.](#) ("Toro"), an Australian public company with uranium exploration projects in Australia, including the Wiluna project set to become Western Australia's first ever uranium mine following final environment approvals granted April 2013. The transaction involves, among other things, the sale of a substantial portion of Sentient's holdings in Strateco and in SeqUr Exploration Inc. ("SeqUr"), a subsidiary of Strateco, in exchange for shares of Toro.

Toro has acquired from Sentient:

- 19.8% equity interest in Strateco;
- C\$14.1M of secured Convertible Notes receivable in Strateco;
- C\$3M senior secured first ranking loan receivable in Strateco;
- 5,000,000 common shares of SeqUr, representing 25% equity interest in SeqUr.

Subsequent to the transaction, Sentient, which held 27.13% of Strateco's share capital, retains approximately an 8% stake in the share capital of Strateco and 800 convertible notes representing an amount of \$800,000 secured by a hypothec on Strateco's assets.

Commenting on the transaction, Guy Hébert, President and CEO of Strateco, said that: "We see the arrival of Toro as major shareholder of Strateco as a very positive development. Toro has shown clear interest in the Matoush project, as well as in SeqUr's uranium projects in Saskatchewan. Toro's experience going through permitting the Wiluna project, in an area formerly under moratorium, will certainly be an asset for Strateco".
