10.11.2014 | [Marketwired](#)

TORONTO, Nov. 10, 2014 - [Polar Star Mining Corporation](#) (TSX:PSR) (the "Company"), a Toronto-based company focused on copper and gold exploration and mine development with operations in Chile, announced that it has refiled its interim financial statements and management's discussion and analysis for the six month period ended June 30, 2014 (the "Financial Statements"). The material revisions made to the Financial Statements are as follows:

1. The refiled Financial Statements do not include a "Notice to Reader" stipulated by National Instrument 51-102, Part 4, subsection 4.3(3)(a), as the refiled Financial Statements have been reviewed by the Company's auditor, KPMG.
2. The cash flow statement in the originally filed Financial Statements incorrectly had net changes of marketable securities of \$(2,100,015) impacting operating activities, but this was a non-cash item; this has been corrected in the refiled Financial Statements.
3. Investing activities in the originally filed Financial Statements incorrectly had \$125,695 VAT as a long-term receivable impacting operating activities, but this was a non-cash item; this has been corrected in the refiled Financial Statements.

The refiled MD&A is updated for events that have occurred subsequent to the date of the previously filed version, to the time of refiling.

The refiled Financial Statements and MD&A are available on SEDAR.

About Polar Star Mining Corporation

Polar Star is a TSX listed exploration company with a focus on building shareholder value in Chile. Polar Star's strategy is to identify large, potential copper/gold systems and carry out initial work to establish strong technical fundamentals and thereafter bring in major joint venture partners.
