Overview

[Nevada Iron Ltd.](#) (ASX:NVI)(TSX:NVR) is a resource company focused on the development of the Buena Vista Iron Project located in northern Nevada, USA. This project demonstrates the attributes for a successful iron ore development, namely:

- Near surface resource
- Very low waste to ore ratio (<0.5:1)
- Easy metallurgy with a coarse grind producing a high grade (67.5-69% Fe) clean concentrate
- Close to existing nearby transport infrastructure and no requirement to build significant infrastructure, e.g. a rail line
- Access to multiple existing ports
- Manageable capital cost
- Stable and mining friendly jurisdiction
- Favourable climate for construction and operations
- No government royalty imposts
- Permitting almost complete
- Phase 1 project on private land, making permitting less onerous
