At the Board Meeting which followed the General Meeting, Mr Patrick BUFFET was unanimously renewed in his duties as Chairman & CEO of [Eramet](#).

Mr Georges DUVAL, Mr Bertrand MADELIN and Mr Philippe VECTEN were renewed as Delegate CEOs in charge of the Alloys, Nickel and Manganese divisions, respectively.

- Patrick Buffet, Chairman & CEO of the [Eramet](#) Group, stated:

"In 2014, in a context of difficult markets, the Group's current operating income improved significantly compared with 2013, from - ?45 million to + ?75 million. The year was marked by substantially greater productivity gains and cost reductions, which together amounted to more than ?100 million.

Since the start of 2015, nickel and manganese prices have decreased significantly compared with 2014, which will necessarily weigh on the Group's performance in the first half.

On every level in the Group, the priority is maintained to continuously improve performance in order to emerge from the metals

sector's highly depressed current environment with greater competitiveness.

[Eramet](#) has a strong financial situation and approximately ?2 billion in financial liquidity.

I have every confidence in [Eramet](#)'s future and in its ability to create value in our businesses, which are fundamentally profitable over the medium and long term, for our shareholders and all our stakeholders."
