Cautionary statement:

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.

About Royal Road Minerals:

The Company is a gold and copper focused exploration and development company. The Company has projects in Western and Southeast Turkey. In the West the Company is advancing gold and copper projects under an earn-in agreement whereas in the East it is conducting early-stage exploration in a remote, under-explored and highly prospective gold and copper mineralized magmatic belt. The Company has an experienced management team with a proven track record in discovery, resource development and company building. The Company understands the importance of gaining and maintaining a social and environmental license to operate and is committed to advancing projects as quickly as possible with strong local partnerships/alliances.
