MEMPHIS, TN / ACCESSWIRE / July 24, 2015 / [First Colombia Gold Corp.](#) (PINKSHEETS :FCGD) (<http://www.firstcolombiagold.com>) announced today that the company is focusing in on several specific acquisition targets that will expand the long term revenue growth strategies of the company and give the company a great deal of diversity in its current business model.

Jason Castenir, Chief Executive Officer of First Colombia Gold Corp stated, "The company has been focused on pursuing commercial and retail outlets for our current oil and gas strategies since late last year. Today I am pleased to announce that First Colombia Gold Corp is closing in on several convenience store and gas station acquisition targets that would allow the company to enter the retail market."

Mr. Castenir went on to say, "Taking the company in this direction is significant because it would also allow us to incorporate the quick serve restaurants into the convenience store locations. With the recent acquisition of Triangle Restaurant Group, announced on April 2nd, we can easily place our own branded restaurant franchises into these locations and allow the Triangle Restaurant Group management to develop additional revenue streams for the company."

The company additionally stated their intent to keep the market consistently updated regarding the developments of these acquisition targets and their ability to add to the revenue and growth of First Colombia Gold Corp.
