LONDON, UK, Sept. 22, 2015 /CNW/ - [Arian Silver Corp.](#) (the "Company"), a silver mining company focussed on silver projects in the silver belt of Zacatecas, Mexico, announces today the positive advancement of its financing discussions and the signing of a letter of intent and non-binding term sheet with Quintana AGQ Holding Co. LLC ("Quintana"), approved by the independent directors of the Company.

On 29 October 2014, the Company issued to Quintana by private placement, a US\$16,452,343 senior secured convertible note (the "Loan Note"). The Company and Quintana have signed a letter of intent to negotiate exclusively until not later than 31 October 2015 to amend the investment agreement between the parties and restructure the Loan Note.

It is envisaged that the Loan Note will be amended to accommodate up to US\$10 million additional finance from Quintana and that the conversion price be amended to be equal to Market Price (within the meaning of TSX-V policy) per common share provided such Market Price is not greater than C\$0.165 per common share.

The proceeds from any additional finance received will be applied to mine development, capital expenditure on the processing plant to increase its capacity, general operating expenditure and working capital.

Quintana is a related party of the Company under Canadian securities law and the transaction would be a related party transaction for the purposes of Canadian securities law. The Company proposes to rely on the "financial hardship" exemption from minority shareholder approval requirements under Canadian securities law.

The proposed arrangement is subject to the parties entering into definitive agreements and TSX Venture Exchange approval; further details will be announced as appropriate, in due course.

The trading halt on the TSX Venture Exchange is expected to be revoked following market opening on that exchange on 22 September 2015.
