The Exchange Offers will expire at 11:59 p.m., New York City time, on December 30, 2015 (the "Expiration Date"). The settlement date will occur promptly after the Expiration Date, subject to all conditions to the Exchange Offers having been satisfied or waived by the Company. The Company may elect, in its sole discretion, to settle the Exchange Offers for any or all Existing Notes validly tendered prior to the Early Tender Date, and not validly withdrawn before 5:00 p.m., New York City time, on December 15, 2015 (the "Withdrawal Expiration Date"), at any time after the Early Tender Date and prior to the Expiration Date, subject to all conditions to the Exchange Offers having been satisfied or waived by the Company. The Company expects to settle the Exchange Offers for all accepted Existing Notes validly tendered prior to the Early Tender Date and not validly withdrawn before the Withdrawal Expiration Date and issue approximately \$2.35 billion aggregate principal amount of Second Lien Notes on or about December 23, 2015.

Eligible Holders (as defined below) of Existing Notes accepted for exchange in the Exchange Offers will also receive a cash payment equal to the accrued and unpaid interest on such Existing Notes from the applicable latest interest payment date to, but not including, the applicable settlement date. Interest on the Second Lien Notes will accrue from the date of first issuance of Second Lien Notes.

As previously disclosed in the Company's Current Report on Form 8-K filed December 2, 2015, during the term of the Exchange Offers, the Company has and may continue to repurchase through privately negotiated transactions its outstanding senior notes other than the Existing Notes and issue additional Second Lien Notes in connection with such transactions. Following the completion of the Exchange Offers, the Company may repurchase its outstanding senior notes through privately negotiated transactions or otherwise.

In the event that the Exchange Offers are oversubscribed, the principal amounts of each series of Existing Notes that are accepted will be determined in accordance with the acceptance priority levels of such series. All Existing Notes validly tendered prior to the Early Tender Date and not validly withdrawn prior to the Withdrawal Expiration Date will not be subject to proration. Notwithstanding the foregoing, all Existing Notes that were tendered on or before the Early Tender Date will have priority over Existing Notes that are tendered for exchange after the Early Tender Date, even if such Existing Notes tendered after the Early Tender Date have a higher acceptance priority level than Existing Notes tendered on or before the Early Tender Date and even if the Company does not elect to have an early settlement date.

The Exchange Offers are conditioned on the satisfaction or waiver of certain customary conditions, as described in the confidential offering memorandum. The Exchange Offers are not conditioned upon any minimum amount of Existing Notes being tendered. The Company may terminate, withdraw, amend or extend any of the Exchange Offers.

The Exchange Offers will only be made, and the offering memorandum and other documents relating to the Exchange Offers will only be distributed to, holders who complete and return an eligibility form confirming that they are (i) "qualified institutional buyers" as defined in Rule 144A under the Securities Act of 1933, as amended ("Securities Act"), or (ii) outside the United States and persons other than "U.S. persons" as defined in Rule 902 under the Securities Act (such persons, "Eligible Holders"). Holders who desire to obtain and complete an eligibility form should either visit the website for this purpose at http://www.gbsc-usa.com/eligibility/Chesapeake or call Global Bondholder Services Corporation, the Information Agent and Depositary for the Exchange Offers at (866) 470-4300 (toll-free) or (212) 430-3774 (collect for banks and brokers).

The Company is making the Exchange Offers only to Eligible Holders through, and pursuant to, the terms of the confidential offering memorandum and related letter of transmittal, as amended by the increased maximum exchange amount and the extended Early Tender Date, each as described more fully in the Company's current report on Form 8-K filed with the SEC on December 16, 2015. The Company and its affiliates do not make any recommendation as to whether Eligible Holders should tender or refrain from tendering their Existing Notes. Eligible Holders must make their own decision as to whether to tender Existing Notes and, if so, the principal amount of the Existing Notes to tender. The Exchange Offers are not being made to holders of Existing Notes in any jurisdiction in which the making or acceptance thereof would not be in compliance with the securities, blue sky or other laws of such jurisdiction.
