In exchange, NuLegacy has issued 32 million shares (the "NUG Shares") to Barrick and granted a 2% net profits interest royalty from commercial production on the Property. Barrick now has the right to nominate one director to NuLegacy's board and to participate pro rata in all future issuances of shares or convertible securities. Barrick has provided NuLegacy with certain stand still and voting restrictions in favour of NuLegacy in respect of their shares for a period of two years, subject to certain conditions. NuLegacy now owns 100% of the Property, subject to the underlying royalties. The Iceberg gold deposit, located in the Cortez gold trend of Nevada, is adjacent to three of Barrick's multi-million ounce Carlin-type gold deposits that are its lowest cost and politically safest gold assets, and has an established exploration target of 90-110 million tonnes of 0.9 to 1.1 grams of gold per tonne

In other mining news and developments: Shares of [Barrick Gold Corp.](#) (NYSE: ABX) increased by 1.66% to \$13.49 on yesterday morning, as gold prices trade in the green. For April delivery, gold is up by 0.74% to \$1,239.90 per ounce on the COMEX this morning.
