

MONTREAL, QUEBEC--(Marketwired - Oct 12, 2016) - [Osisko Gold Royalties Ltd.](#) (TSX:OR)(NYSE:OR) ("Osisko" or the "Corporation") today announces its intention to commence a normal course issuer bid to purchase for cancellation, from time to time, up to 5% of the issued and outstanding common shares of the Corporation ("Common Shares") listed on the Toronto Stock Exchange ("TSX") over a 12-month period (the "NCIB Program"). The commencement of the Program is subject to TSX approval.

Any repurchases under the NCIB Program will be made in Canada through the facilities of the TSX or alternative trading platforms or by such other means permitted by the TSX. Osisko will pay the prevailing market price at the time of purchase. The actual number of Common Shares repurchased under the NCIB Program and the timing of such repurchases will be at Osisko's discretion and shall be subject to the limitations set out in the TSX Company Manual.

The board of directors of Osisko believes that the underlying value of the Corporation may not be reflected in the market price of the Common Shares from time to time and that, accordingly, the purchase of Common Shares will increase the proportionate interest in the Corporation of, and be advantageous to, all remaining shareholders of the Corporation. As of October 11, 2016, there were 106,604,347 Common Shares issued and outstanding.
