

VANCOUVER, Dec. 22, 2016 /CNW/ - [Northern Vertex Mining Corp.](#) (TSX.V:NEE) (the "Company") is pleased to announce the placement of a purchase order with Goodfellow Crushers ("Goodfellow") of Boulder City, NV for the design, fabrication and delivery of a three-stage crushing plant for the Company's 100% owned Moss mine project. The plant will consist of a primary jaw crusher, a secondary cone crusher, and two tertiary cone crushers. The plant will be fabricated in the Goodfellow facility in Boulder City, NV with additional fabrication at the KPI-JCI facility in Eugene, OR.

Kenneth Berry, President and CEO commented "The placement of this purchase order is a significant milestone for the Company in the realization of our plans for the future re-activation of the Moss mine. This plant is the largest capital asset to be acquired for the project, and we look forward to working with Goodfellow as we begin to design and implement our plant crushing facilities over the coming weeks and months."

The Company further reports additional activities currently underway at the Moss mine site include site perimeter fencing, the commencement of site earthworks, reclamation of previous historical mining disturbances, and decommissioning of the Phase I carbon plant. Further updates on activities will be forthcoming in future news releases.
