

Global Energy Metals Launches New Website And Highlights Company's Cobalt Exposure

14.06.2017 | [The Newswire](#)

VANCOUVER, JUNE 14, 2017 - [Global Energy Metals Corp.](#) (TSXV:GEMC | FRA:5GE1) ("Global Energy Metals", the "Company" and/or "GEMC") is pleased to launch its newly updated website (www.globalenergymetals.com) incorporating the recently announced agreement to earn-in to the Millennium Cobalt Project in Mt. Isa, Australia as well as the Company's partnerships into the Chinese investor and battery cathode market through its agreements with New Tigers Consulting Ltd. and Beijing Easpring Material Technology Co. Ltd.

Mitchell Smith, the Company's CEO, stated,

"We are excited to launch our new website. It will be a valuable tool to communicate our company's cobalt initiatives and provide new and existing investors, partners and media with valuable, accurate and substantiated information. Our website, combined with the other social media and marketing material available, will allow our visitors to have an informative experience as we continue to grow and increase our market presence."

With the significant interest in the cobalt and battery metals space, Global Energy's new website will be updated on a regular basis with corporate materials, cobalt related information and any other related news of importance to our investors.

In addition to the site providing investor information, stock quotes, links to all corporate filings and other corporate information, new features of the site include integrated social media buttons for Twitter, LinkedIn and Facebook that will support improved communication with our partners, vendors and investors.

Visitors are encouraged to explore the website and sign up for direct emails from the Company using the Subscribe icon.

Global [Energy Metals Corp.](#) (TSXV:GEMC | FRA:5GE1)

Global Energy Metals is focused on offering security of supply of cobalt, a critical material to the growing rechargeable battery market, by building a diversified global portfolio of cobalt assets including project stakes, projects and other supply sources. GEMC anticipates growing its business by acquiring project stakes in battery metals related projects with key strategic partners. Global Energy Metals currently owns and is advancing the Werner Lake Cobalt Mine in Ontario, Canada and has entered an agreement to earn-in to the Millennium Cobalt Project in Mt. Isa, Australia.
