TORONTO, July 31, 2017 /CNW/ - LeadFX Inc. (the "Company" or "LeadFX") (TSX: LFX) today announced that it has entered into an agreement with its lender, Sentient Global Resources Fund IV, LP ("Sentient"), to refinance its outstanding secured and unsecured debt obligations and extend the maturity date for re-payment of the outstanding indebtedness owing to Sentient, to February 28, 2018, while management works with InCoR Technologies Limited and InCoR Energy Material Limited to complete the previously announced definitive feasibility study ("DFS") on the hydrometallurgy process. On completion of the DFS, the Company will seek to implement a longer-term solution to its current liabilities and future funding needs.

As announced on June 29, 2017, Sentient entered into a forbearance and waiver agreement with the Company to, among other things and subject to certain limited exceptions, forbear until July 31, 2017 from demanding re-payment of (i) the principal and accrued interest under the secured credit agreement, as amended, between Sentient and the Company (the "Credit Agreement"), and (ii) the principal amount of \$6,500,000 under four non-interest bearing unsecured promissory notes ("Promissory Notes") issued by the Company to Sentient. As of July 31, 2017, the principal and accrued interest owing under the Credit Agreement was \$8,740,770.84.

Sentient has entered into an amendment and restatement of the Credit Agreement (the "Amended and Restated Credit Agreement") with the Company which, among other things, (i) cancels the Promissory Notes and adds the principal amount of the Promissory Notes to the outstanding balance owed under the Credit Agreement with interest accruing on the new principal amount at the pre-existing interest rate of 10% per annum, and (ii) extends the forbearance period and maturity date for re-payment of principal and accrued interest to February 28, 2018. All other material terms and conditions of the Credit Agreement remain the same in the Amended and Restated Credit Agreement. As of July 31, 2017, the principal amount owing under the Amended and Restated Credit Agreement is US\$15,240,770.84.

LeadFX President and CEO, Rob Scargill, stated, "We are pleased to have the continuing support of the Sentient Group as we investigate the potential technology to produce lead metal at Paroo Station mine."
