About Piedmont Lithium

[Piedmont Lithium Ltd.](#) (ASX: PLL; OTC-Nasdaq: PLLLY) holds a 100% interest in the Piedmont Lithium Project ("Project") within the world-class Carolina Tin-Spodumene Belt ("TSB") and along trend to the Hallman Beam and Kings Mountain, historically providing most of the western world's lithium between 1950 and 1990. The TSB has been described as one of the largest lithium provinces in the world and is located approximately 40 kilometres west of Charlotte, North Carolina. It is a location to be developing and integrated lithium business based on its favourable geology, proven metallurgy and easy access to infrastructure, power, R&D centres for lithium and battery storage, major high-tech population centres and downstream processing facilities.

The Project was originally explored by [Lithium Corp.](#) of America which eventually was acquired by FMC Corporation ("FMC") and Albemarle Corporation ("Albemarle") both historically mined the lithium bearing spodumene pegmatites within the TSB.

developed and operated the two lithium processing facilities in the region which were the first modern spodumene processing facilities in the western world.

The Company is in a unique position to leverage its position as a first mover in restarting exploration in this historic lithium producing region with the aim of developing a strategic, U.S. domestic source of lithium to supply the increasing electric vehicle battery storage markets.
