Vancouver, British Columbia (FSCwire) - [Lincoln Mining Corp.](#), TSX-V: LMG (Lincoln Mining Corp.; or the Company) is pleased to announce that the Editorial Board of Mergent, Inc. (Mergent) has approved the Company for a listing in Mergent Manuals and News Reports (the Manual). Lincoln's corporate profile in the Manual, which includes descriptive text data as well as news and financial statements, will be accessible via Mergent's online and printed products. The Mergent Industrial Manual and News Reports is a recognized securities manual in 39 states for purposes of Blue Sky Manual Exemption. The Manual was first published in 1918, and formerly known as Moody's Manuals and News Reports. The publication was rebranded as Mergent Manuals and News Reports when Mergent, Inc. acquired Moody's Financial Information Services division in 1998.

As both of Lincoln's gold projects are located in the United States, the Company's listing in the Manual is intended to facilitate the trading of the Company's common shares in secondary markets and aid the brokerage community in making a market for the Company's stock in the United States. As some states have their own registration process or specific requirements, it is recommended that brokers confirm with their compliance departments concerning Blue Sky laws in specific states and other regulatory laws that might affect them.

For over 100 years, Mergent, Inc. has been a leading provider of business and financial information on public and private companies globally.
