

Benchmark Metals Inc. Awarded Work Permit

31.07.2018 | [GlobeNewswire](#)

VANCOUVER, July 31, 2018 - [Benchmark Metals Inc.](#) (the "Company" or "Benchmark") (BNCH: TSX-V) (CYRTD: OTCQB) (87CA:GER) is pleased to announce the Government of British Columbia has granted a Work Permit for exploration and drilling at the Lawyers Gold & Silver Project located in the Golden Triangle region of British Columbia, Canada.

CEO John Williamson commented, "The Work Permit provides a clear path forward as Benchmark works towards aggressively developing additional gold and silver ounces at the Lawyers Project." Under the Notice of Work Mines Act, Benchmark is granted a 5 year Work Permit to July 26, 2023 for exploration activities including drilling covering all key target areas on the property.

Lawyers Gold & Silver Project

The Lawyers Property is situated 45 km northwest of the former Kemess South open pit copper-gold mine, in the Toodoggone region of the Omineca Mining Division of British Columbia and consists of 37 contiguous mineral claims. The claims cover 99 km² of land that includes the former Cheni Gold-Silver Mine and fifteen (15) gold-silver mineral occurrences. Exploration in the area began in the late 1960s and peaked in the 1980s, identifying numerous showings, prospects and deposits culminating in the development of the gold-silver mine that operated from 1989-1992 and produced 171,200 oz gold and 3.6 million oz silver over the 4 year period.

Five underground developments remain in-place, in addition to historical resources and new targets. Selected high-grade historical results include:

- 8.63m @ 9.64g/t gold and 307g/t silver (DDH CC15-06);
- 2.4m @ 87g/t gold & 2,407g/t silver (DDH CC15-15/P2 vein); and
- 4.86m @ 9.75g/t gold & 447g/t silver (DDH CC15-12).

The technical content of this news release has been reviewed and approved by Michael Dufresne, P.Geol., a qualified person as defined by National Instrument 43-101.
