

Pivit Begins Exploration on Moosehead East Gold Project, Newfoundland, Canada

15.08.2018 | [FSCwire](#)

Vancouver, British Columbia (FSCwire) - [Pivit Exploration Inc.](#) (CSE: PIVT) (the "Company" or "Pivit") is pleased to announce it has mobilized a crew to its newly acquired Moosehead East Property (the "Property"). The exploration program will begin in the Jumpers Brook area where historical sampling reported values of up to 2.3 grams per tonne (g/t) Au.

The program is designed to confirm, expand and re-interpret the known mineralization on Pivit's newly acquired property in light of, and in relation to, the recent discovery at the adjoining Moosehead Gold Project immediately to the south-west owned by [Sokoman Iron Corp.](#) (TSX: SIC.V). Sokoman recently reported a drill core intersection of 44.96 g/t Au over 11.9 metres (see Sokoman news release dated July 24th, 2018).

An updated claim map is available for viewing on the Company's website located at <http://pivitx.com/pages/projects/moosehead/PIVT-Moosehead-East.pdf>.

Pivit President Mike England states, "We are excited to get into the field and take a first pass of sampling and mapping on our Moosehead East Project located on what has been interpreted as the potential gold-bearing structural trend extending from Sokoman's Moosehead gold discovery."

The technical contents of this news release were approved by Dr. Scott Jobin-Bevans, P.Geo., a Qualified Person as defined by the National Instrument 43-101. The properties have not been the subject of a National Instrument 43-101 Technical Report.

About Pivit

Pivit is engaged in the business of mineral exploration and the acquisition of mineral properties for the benefit of its stakeholders.

On Behalf of the Board of Directors

Michael England

Chief Executive Officer, President and Director
