About Century

[Century Global Commodities Corp.](#) (TSX: CNT) has established a large portfolio of iron ore projects with extensive resources in Canada and has other metals and non-metals operations as follows.

Iron Ore

With Baowu and Minmetals, both Global Fortune 500 companies, as Chinese strategic partners, Century owns one of the largest iron ore mineral resource bases in the world, across five projects in Quebec and Newfoundland and Labrador. Joyce Lake, a direct shipping iron ore ("DSO") project in Newfoundland and Labrador, is our most advanced project. It has completed feasibility and permitting studies and can be brought to production within approximately 30 months. We are maintaining our properties ready for advancement after a return to sustained higher iron ore prices.

Base and Precious Metals

Century is monitoring investment and acquisition opportunities in the base and precious metals sector. When the right opportunity presents itself, our liquid balance sheet will allow us to invest or acquire cost-effective assets during the low base and precious metal price cycle, positioning ourselves for gains when the market improves. To that end, Century Metals Inc., now listed on TSX-V under the ticker symbol CMET, was created and spun out to provide more flexibility for execution.

Quality Food Services

Century has established a professional marketing team and built a distribution system of quality food products sourced from advanced countries to serve the Hong Kong market.
