No Shares or BDRs would be offered in Canada as part of the Offering.

Completion of the Offering is subject to, among other factors, the Company obtaining all necessary approvals, including approvals required under applicable corporate law, registration of the Company as a foreign issuer in Brazil by the CVM, registration of the Offering by the CVM (if applicable) and approval of the listing of the BDRs and Shares by the B3 and the Toronto Stock Exchange, respectively; political and macroeconomic conditions; and the interest of investors in the Offering, among other factors not within the Company's control. If the Company chooses to pursue completion of the Offering, the Offering will be conducted in accordance with all applicable laws and regulations.
