VANCOUVER, July 16, 2020 - [Mako Mining Corp.](#) (TSXV: MKO) (OTCQX: MAKOF) ("Mako" or the "Company") is pleased to announce that it has closed the private placement initially announced on June 26, 2020 for total gross proceeds of \$28.4 million (the "Offering"). The Offering consisted of a bought deal private placement (the "Bought Deal Offering") of an aggregate of 30,000,000 units of the Company (the "Units") at an issue price per Unit of \$0.40 (the "Offering Price") for total gross proceeds of \$12.0 million and a concurrent non-brokered private placement of an aggregate of 41,000,000 Units issued to Wexford Spectrum Trading Limited and Wexford Catalyst Trading Limited, funds managed by Wexford Capital LP (collectively, "Wexford") on the same terms as the Bought Deal Offering for total gross proceeds of \$16.4 million, pursuant to the exercise by Wexford of its participation right under the investor rights agreement between the Company and Wexford dated November 9, 2018.

Each Unit consisted of one common share of the Company (a "Common Share") and one-half of one common share purchase warrant (each whole common share purchase warrant, a "Warrant"). Each Warrant is exercisable by the holder thereof to purchase one Common Share at an exercise price of \$0.60 until January 16, 2022.

The net proceeds from the Offering will be used to fund remaining capital expenditures at the San Albino Gold Project in Nicaragua, for debt repayment (from funds raised under the Bought Deal Offering only), exploration expenditures and working capital and general corporate purposes.

Stifel GMP led a syndicate of underwriters, which included Eight Capital and INFOR Financial Inc. (collectively, the "Underwriters") in the Bought Deal Offering. In connection with the Bought Deal Offering, the Company paid the Underwriters a cash fee equal to 6.0% of the gross proceeds of the Bought Deal Offering and issued to the Underwriters broker warrants (the "Broker Warrants") equal to 5.0% of the number of Units sold pursuant to the Bought Deal Offering. Each Broker Warrant is exercisable to acquire one Common Share at the Offering Price until January 16, 2022.

The Common Shares, Warrants and Broker Warrants issued pursuant to the Offering, and any Common Shares issued upon the exercise of the Warrants and Broker Warrants, are subject to a statutory hold period expiring November 17, 2020. The Offering remains subject to final approval of the TSX Venture Exchange ("TSXV"). The TSXV has conditionally approved the listing of all Common Shares issuable under the Offering and the listing of the Warrants upon the expiry of the statutory hold period, subject to fulfilling all of the listing requirements of the TSXV.

The Company relied on the exemptions from the formal valuation and minority shareholder approval requirements of MI 61-101 contained in sections 5.5(a) and 5.7(1)(a) of MI 61-101 in respect of related party participation in the Offering as neither the fair market value (as determined under MI 61-101) of the subject matter of, nor the fair market value of the consideration for, the transaction, insofar as it involves the related parties, exceeded 25% of the Company's market capitalization (as determined under MI 61-101).
