The condensed consolidated statements of profit or loss for the six months ended June 30, 2020 (unaudited), and condensed consolidated statements of comprehensive income for the six months ended June 30, 2020 (unaudited), and the condensed consolidated statements of financial position as of June 30, 2020 (unaudited) have been prepared in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board, are derived from, and should be read in conjunction

with, the Company's unaudited condensed consolidated financial statements for the six months ended June 30, 2020 and 2019, as furnished to the Securities and Exchange Commission ("SEC") on September 11, 2020 under cover of Form 6-K and the Company's audited consolidated financial statements for the year ended December 31, 2019 contained in the Company's annual report on Form 20-F as filed with the SEC on June 12, 2020. The results of operations for the six months ended June 30, 2020 are not necessarily indicative of the results of operations that may be expected for the year ending December 31, 2020.

Mr. Wong Wah On Edward, the Company's Chairman, commented on the results: "During 2020, we are preparing supporting documentation for the detailed geographical exploration report for official filing after the review and comment of the relevant government authorities. The outbreak of COVID-19 has severely disrupted our operations. Governmental control measures imposed to contain its spread have impacted our business by restricting the movement of our employees since the beginning of the pandemic in the PRC through mid-March, when we were able to partially re-open. COVID-19 has also affected our suppliers' workforces, and as a result we are experiencing a slow resumption of operations and may experience delays or the inability to deliver goods on a timely basis. The market demand for the copper that we trade and the metals that we may mine has similarly been negatively impacted by COVID-19 as a result of the sharp decrease in manufacturing and other activity due to the widespread closure of businesses in the PRC and worldwide. On August 17, 2020, we acquired marketable shares of Feishang Anthracite Resources Limited, which we anticipate will serve as tools to pursue potential attractive opportunities. On September 2, 2020, we received a letter from Nasdaq informing us that we had regained compliance with the Nasdaq Listing Rules, allowing continued access to the capital markets for ourselves and liquidity for our shareholders."

For the convenience of the reader, amounts in Chinese Yuan ("CNY") have been translated into United States dollars ("US\$") at the rate of US\$1.00 = CNY7.0655, as quoted by www.ofx.com on June 30, 2020. The CNY is not freely convertible into foreign currencies and no representation is made that the CNY amounts could have been, or could be, converted into US\$ at that rate, or at all.

About China Natural Resources:

[China Natural Resources Inc.](#), a British Virgin Islands company limited by shares, through its operating subsidiaries in the PRC, is currently engaged in (a) the acquisition and exploitation of mining rights in Inner Mongolia, including exploring for lead, silver and other nonferrous metal, and (b) copper trading in the PRC.

Forward-Looking Statements:

This press release includes forward-looking statements within the meaning of the U.S. federal securities laws. These statements include, without limitation, statements regarding the intent, belief and current expectations of the Company, its directors or its officers with respect to the impact of COVID-19 on the Company's operations and markets, the Company's continued compliance with the Nasdaq Listing Rules, the impact on the Company's financial position as a result of the acquisition of the shares of Feishang Anthracite Resources Limited, and its ability to locate and execute on strategic opportunities. Forward-looking statements are not a guarantee of future performance and involve risks and uncertainties, and actual results may differ materially from those in the forward-looking statement as a result of various factors. Among the risks and uncertainties that could cause the Company's actual results to differ from its forward-looking statements are: uncertainties regarding governmental, economic and political circumstances in the PRC; uncertainties associated with metal price volatility; uncertainties related to the Company's ability to fund operations; uncertainties relating to possible future increases in operating expenses, including costs of labor and materials; uncertainties regarding the impact of COVID-19 pandemic; uncertainties regarding the political situation between the PRC and the United States, and potential negative impacts on companies with operations in the PRC that are listed on exchanges in the United States; and other risks detailed from time to time in the Company's filings with the SEC, including without limitation the information set forth in our Annual Reports on Form 20-F under the heading "Risk Factors." When, in any forward-looking statement, the Company, or its management, expresses an expectation or belief as to future results, that expectation or belief is expressed in good faith and is believed to have a reasonable basis, but there can be no assurance that the stated expectation or belief will result or be achieved or accomplished. Except as required by law, the Company undertakes no obligation to update any forward-looking statements.
