25.03.2021 | [PR Newswire](#)

HOUSTON, March 25, 2021 - [Patterson-UTi Energy Inc.](#) (NASDAQ: PTEN), a leading provider of contract drilling, pressure pumping and other oilfield services, announced that it has released its sustainability report for the fiscal year 2020, which highlights the Company's industry leadership in using alternative fuels to reduce emissions at the well site. This report is available through the sustainability section of the Company's website at [esg.patenergy.com](#).

Andy Hendricks, Patterson-UTi's Chief Executive Officer, stated, "I am pleased to share our 2020 Sustainability Report. We are committed to effective environmental, social, and governance (ESG) management for the long-term benefit of our shareholders, employees, and our communities. As part of this commitment to ESG management, we aim to minimize our environmental impact in the communities in which we work and live, while providing services for our customers in a safe and responsible manner. I am proud of the initiatives we have pursued, including the use of natural gas and high-line power as alternative fuel sources, as well as our proprietary lithium battery hybrid power management system, EcoCell®. Our sustainability report provides further details on these initiatives and other significant steps we have taken to have a positive impact on ESG matters while delivering value to our customers."
