

Monarch Mining Corp. Receives DTC Eligibility

07.06.2021 | [ACCESS Newswire](#)

MONTREAL, June 7, 2021 - [Monarch Mining Corp.](#) ("Monarch" or the "Corporation") (TSX:GBAR) (OTCQX:GBARF) is pleased to announce that it has received confirmation from the Depository Trust Company ("DTC") that its common shares are now eligible for electronic clearing and settlement through DTC in the United States. Monarch currently trades on the OTCQX under the ticker symbol GBARF.

DTC is a subsidiary of The Depository Trust & Clearing Corp. DTC manages the electronic clearing and settlement of publicly traded companies in the United States. Securities that are eligible to be electronically cleared and settled through DTC are considered DTC eligible. This electronic method of clearing securities accelerates the settlement process for investors and brokers, enabling a security to be traded over a much wider selection of brokerage firms.

"By becoming DTC Eligible, Monarch's common shares can be transferred electronically between U.S. brokerage firms, which is a clear advantage for American investors," said Jean-Marc Lacoste, President and Chief Executive Officer of Monarch. "This will allow those investors to trade more efficiently and at lower cost, which could potentially increase liquidity in our stock."
