About Fabled Silver Gold Corp.

[Fabled Silver Gold Corp.](#) has an experienced management team with a proven track record, with decades of exploration, development, and production in Mexico. The Company's mandate is to focus on acquiring precious metals properties in Mexico with blue sky exploration potential. As such, it has entered into an agreement to acquire the Santa Maria Project from Golden Minerals. As a result of exploration success's, the project has evolved from the original 8 000m of surface drilling to now 14 400m which includes underground drilling. In recent news, while exploring for high grade silver the company has discovered a new high grade gold domain system open in all directions. Having completed the exploration drilling the company has now begun definition drilling of the resource.
