VANCOUVER, May 02, 2022 - [Patriot Battery Metals Inc.](#) (the "Company" or "Patriot") (CSE: PMET) (OTCQB: PMETF) (FSE: R9GA) is pleased to announce a leadership transition as Mr. Blair Way has accepted to assume both roles of President and CEO of the Company effective today. Mr. Adrian Lamoureux will continue with the company in a new role as Vice President - Corporate Development. Both Mr. Way and Mr. Lamoureux will remain as directors of the company.

Blair Way stated, "On behalf of the Company and Board of Directors, I would like to sincerely thank Adrian for his contributions over the last 8 years. Adrian's corporate and capital markets expertise, connections and experience will be vitally positioned to continue to advance the Company as Vice President - Corporate Development. As CEO, I look forward to working more closely with the team and advancing the Company through the evolution of a start up to a project developer.

Adrian Lamoureux, adds, "Our Team has worked hard and persevered through good and bad markets to now position the Company to its present corporate growth, and we are extremely proud and thankful to our shareholders and stakeholders. I started as CEO of the Company in 2014 and our Management and Technical Team's have been with us since the beginning. The Team's have done an amazing job acquiring and evaluating a strong portfolio of projects. We are fortunate to have the assets that we do, with their jurisdictional locations, metals & minerals of interest, and strong upside potential. It's now time for Blair to lead the Company forward into the next chapter of project development. I look forward to continuing to work closely with the Team and Blair, and to be an important part of the PMET Team as we take the Company to the next level."

Mr. Way is an experienced international executive with over 35 years experience within the resources and construction industry throughout Australasia, Canada, the United States and Europe. A highly respected project developer in the most challenging of environs Mr Way's experience spans the complete mineral development cycle from early stage exploration to project definition and studies culminating in implementation, commissioning and operations. His early career was with major resource companies advancing major projects however the last decade has been focused on the earlier stage projects of public mid and junior mining companies. Mr Way has experience in a wide range of commodities including gold, copper, nickel, zinc, magnesium, graphite, cobalt and lithium.
