VANCOUVER, September 18, 2023 - [Commerce Resources Corp.](#) (TSXV:CCE)(FSE:D7H0) (the "Company" or "Commerce") is pleased to announce a non-brokered private placement offering consisting of the issuance of up to 60,000,000 units (each, a "Unit") at a price of \$0.08 per Unit for gross proceeds of up to \$4,800,000 (the "Offering"). Each Unit will consist of one common share of the Company (each, a "Share") and one common share purchase warrant (each, a "Warrant"), with each Warrant entitling the holder to purchase one Share at a price of \$0.12 per Share for a period of three (3) years from closing of the Offering (the "Closing").

The Company also announces that it has entered into a binding engagement agreement ("Term Sheet") with Churchill SIG Pty Ltd. ("Churchill"), whereby Churchill will act as exclusive lead manager, for a term of up to three (3) months, to introduce (the "Services") potential qualified subscribers to the Company in connection with a portion of the Offering (the "Churchill Portion"). Churchill will not provide the Services in Canada or for the benefit of Canadian residents, and any potential subscribers introduced by Churchill will not be residents of Canada.

As consideration for the Services, and upon completion of the Offering, the Company has agreed to pay Churchill a cash fee (the "Cash Fee") equal to 5% of the amount raised under the Offering from persons introduced by Churchill, and to issue such number of non-transferable share purchase warrants (the "Finder's Warrants") that equals 15% of the total number of Units issued to persons introduced by Churchill under the Offering. Each Finder's Warrant will entitle the holder to acquire one additional common share (a "Finder's Warrant Share") in the capital of the Company at a price of \$0.08 per Finder's Warrant Share for a period of two (2) years from the date of issuance of the Finder's Warrants. The Company has also agreed to pay for Churchill's reasonable fees and expenses in connection with the Services, up to \$10,000. Churchill shall have a right of first refusal to act as lead manager in connection with any other equity offerings undertaken by the Company within a 12-month period following completion of the Offering. The Units, Shares, Warrants, Warrant Shares, Finder's Warrants and Finder's Warrant Shares are collectively referred to herein as the "Securities".

Subject to completion of the Offering, and continuing until the date that is one (1) year after completion of the Offering, Churchill shall have the right to nominate up to two (2) persons to the board of directors of the Company.

The Offering will be conducted pursuant to one or more prospectus exemptions available to the Company, including, without limitation, the "accredited investor" exemption set out in Section 2.3 of National Instrument 45-106 - Prospectus Exemptions and the prospectus exemption set out in BC Instrument 72-503 - Distribution of Securities Outside British Columbia.

In addition to the fee payable to Churchill in connection with the Churchill Portion of the Offering, the Company may pay finders' fees consisting of cash, securities or a combination thereof to other parties in connection with the portion of the Offering that is not the Churchill Portion, all in accordance with the policies of the TSX Venture Exchange (the "Exchange").

All securities issued in connection with the Offering will be subject to a statutory hold period expiring four months and one day after closing of the Offering. The Company and any subscribers may enter into a

voluntary escrow agreement whereby any Shares or Warrant Shares issued under the Offering shall be deposited into escrow and release on the date that is one (1) year after the date that the Units are issued. Completion of the Offering, as well as the Term Sheet, payment of the Cash Fee and issuance of the Finder's Warrants, is subject to the approval of the Exchange. Any participation by insiders in the Offering will constitute a related party transaction under Multilateral Instrument 61-101 - Protection of Minority Security Holders in Special Transactions ("MI 61-101") but is expected to be exempt from the formal valuation and minority shareholder approval requirements of MI 61-101.

The net proceeds from the sale of the Offering will be used towards the completion of a resource update and an updated Preliminary Economic Assessment for the Company's Ashram REE/ Fluorspar Deposit, as well as the production of commercially marketable samples of Rare Earth concentrates as requested by industry majors, for general working capital and to progress towards a listing on the Australian Stock Exchange.

None of the securities sold in connection with the Offering will be registered under the United States Securities Act of 1933, as amended, and no such securities may be offered or sold in the United States absent registration or an applicable exemption from the registration requirements. This news release shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the securities in any jurisdiction in which such offer, solicitation or sale would be unlawful.
