

Indigo Expands Exploration Sampling Program to Guide Strategic Land Acquisitions

26.09.2023 | [Newsfile](#)

Vancouver, September 26, 2023 - [Indigo Exploration Inc.](#) (TSXV: IXI) (OTCQB: IXIXF) (FSE: INEN) (the "Company") is pleased to announce it is significantly expanding its lithium brine exploration sampling program in Alberta, Canada. The expanded sampling program is designed to evaluate the lithium brine potential and grades from additional grounds being evaluated. The sampling ahead of an acquisition would de-risk the acquisition, providing greater certainty on potential grades and volumes, in addition to allowing for new properties to be potentially incorporated into various maiden resource estimates.

"There are a number of strategic parcels available from the Government that we are currently evaluating and the prudent sampling ahead of a potential acquisition provides greater certainty on its lithium brine potential," commented Paul Cowley, President & CEO of Indigo Exploration. "The ability to expand our property footprint also presents an opportunity to materially improve the size and quality of the maiden resources we aim to deliver on multiple projects."

About Indigo Exploration

Indigo Exploration is an emerging petro-lithium brine explorer with 147,904 hectares of Metallic and Industrial Minerals permits in Central Alberta, Canada. The Company's three primary lithium projects are the Fox Creek (114,522 hectares), Leduc (23,488 hectares) and Peace River (10,048 hectares) which are located within the heart of lithium exploration and development in Western Canada.

On Behalf of the Board of Directors,

"Paul Cowley",
President and CEO
