Montreal, January 29, 2025 - [Manganese X Energy Corp.](#) (TSXV: MN) (FSE: 9SC) (TRADEGATE: 9SC) ("Manganese X" or the "Company") is pleased to announce the successful closing of its non-brokered private placement (the "Offering"), raising aggregate gross proceeds of \$2,100,000 through the issuance of a total of 60,000,000 subscription receipts (the "Subscription Receipts") at a subscription price of \$0.035 per Subscription Receipt. The Offering was initially announced on January 2, 2025.

The gross proceeds from the Offering are currently held in escrow and will be released to the Company upon receiving all necessary shareholder and regulatory approvals (the "Approvals"), including shareholder approval for the creation of a new "Control Person" under TSX Venture Exchange (the "TSXV") policies. The Offering remains subject to the final acceptance of the TSXV.

Following the Approvals, each Subscription Receipt will automatically convert into one unit of the Company ("Unit") without additional consideration. Each Unit consists of one common share ("Share") and one-half of a share purchase warrant. Each whole warrant ("Warrant") entitles the holder to purchase one additional Share ("Warrant Share") at \$0.06 per Warrant Share within 36 months of issuance.

If the Approvals are not obtained by March 31, 2025, the Subscription Receipts will be cancelled and the escrowed funds will be refunded to subscribers.

The securities issued under the Offering are subject to statutory and TSXV hold periods, both expiring on May 29, 2025.
