UPDATE ON NAMCOR TRANSACTION

The Company and NAMCOR have not yet completed the transaction pursuant to the definitive purchase and sale agreement announced September 22, 2022, but report that discussions are ongoing.

PROPOSED WARRANT EXTENSION

The Company intends to extend the expiry date of an aggregate 6,795,454 outstanding common share purchase warrants of the Company (the "July Warrants") by 18 months to January 18, 2027 and an aggregate 1,071,500 outstanding common share purchase warrants of the Company (the "September Warrants" and collectively with the July Warrants, the "Warrants") by 18 months to February 1, 2027 (collectively with the extension of July Warrants, the "Extension").

The July Warrants were issued pursuant to a public offering which closed on July 18, 2023 and are set to expire on July 18, 2025. The July Warrants were issued pursuant to a warrant indenture dated July 18, 2023 between the Company and Odyssey Trust Company. Each July Warrant entitles the holder thereof to acquire one common share of the Company at a price of CAD \$1.35 and all other terms of the July Warrants,

including exercise price, will remain the same.

A total of 295,227 outstanding compensation warrants issued as compensation to the underwriters for part of the financing in July 2023 cannot be extended and will expire on July 18, 2025.

The September Warrants were issued pursuant to a non-brokered private placement which closed on September 1, 2023 and are set to expire on September 1, 2025. Each September Warrant entitles the holder thereof to acquire one common share of the Company at a price of CAD \$1.40 and all other terms of the September Warrants, including exercise price, will remain the same.

220,000 of the July Warrants are held by parties who are considered to be "related parties" of the Company. The September Warrants are all held by parties who are considered to be "related parties" of the Company. Therefore, the amendment of Warrants constitutes a "related party transaction" as contemplated by Multilateral Instrument 61-101 *Protection of Minority Shareholders in Special Transactions*, and TSXV Policy 5.9 *Protection of Minority Shareholders in Special Transactions*. However, the exemptions from formal valuation and minority approval requirements provided for by these guidelines have been relied upon as the fair market value of the Warrants held by insiders does not exceed 25% of the market capitalization of the Company.

The Extension remains subject to receipt of approval of the TSX Venture Exchange.
