22.05.2025 | [CNW](#)

VANCOUVER, May 22, 2025 - [Wheaton Precious Metals](#) & TRADE; Corp. ("Wheaton" or the "Company") today published its 2024 Sustainability Report and 2024 Climate Change Report.

"Wheaton's 2024 Sustainability and Climate Change Reports highlight how we integrate ESG considerations into our decision making and business operations, as well as our comprehensive sustainability strategy that seeks to support the mining and metallurgical industry in delivering essential commodities and materials in a sustainable manner," said Randy Smallwood, Wheaton's President and Chief Executive Officer. "The significant progress we made last year on our commitments reflects Wheaton's unwavering focus on sustainable and responsible business practices with a goal of creating lasting value for all our stakeholders, and I am proud to continue to be recognized as top of class by a number of external ranking agencies for these efforts."

Highlights of Wheaton's 2024 Sustainability Report

Wheaton's Sustainability Report is a comprehensive review of Wheaton's performance in environmental, social and governance (ESG) topics. The report includes progress updates on Wheaton's ESG strategy, targets and commitments as well as a detailed overview of oversight of ESG topics at Wheaton.

- 'ESG Industry Top-Rated' in precious metals and 'ESG Global 50 Top Rated' out of over 14,600 multi-sector companies; 'Sustainalytics'; 'AAA' rated by MSCI; and 'Prime' rated by ISS; recognized among Corporate Knights' 2025 100 most sustainable corporations in the world and 2024 Best 50 List of Canada's top corporate citizens.
- 100% of new streaming agreements in 2024 screened for ESG issues and risks.
- 99% of 2024 production came from mining operations committed to implementing the Global Industry Standard on Water Management.
- Over \$53 million in global contributions since the inception of Wheaton's Community Investment Programs in 2007, with more than \$8.5 million to over 130 charitable causes and initiatives globally in 2024, with \$6M last year dedicated to supporting around Wheaton's mining partners' stream-related sites-the highest spend on the partner community investment program since the program launched in 2014.
- 50% of board members represent a diverse background (including women and visible minorities).

Highlights of Wheaton's 2024 Climate Change Report

Wheaton's Climate Change Report details how Wheaton is addressing climate change risks and opportunities, as well as the climate-related impacts.

- 86% of 2023 Scope 3 financed emissions covered by emissions reduction targets aligned to 2°C or less.
- Launched Wheaton's Future of Mining Challenge, which invites ventures from around the world to submit industry solutions aimed at improving operational efficiencies while minimizing environmental impacts.
- Refreshed climate scenario analysis to support continual assessment and management of climate risks.
- Completed a gap analysis of Wheaton's Climate Change Report against the recently released International Sustainability Standards Board (ISSB) S2 standard, and made changes throughout the report, accordingly.

Standards
