About New Silvermex

New Silvermex is a publicly traded mining company focused on developing its core asset, the producing La Guitarra silver-gold property located in the Temascaltepec Mining District of Mexico. La Guitarra Mine presently consists of two underground operation centres and a flotation mill with a proven capacity of 320 tonnes per day. New Silvermex is evaluating options for the expansion of existing mining operations at La Guitarra Mine and advancing the recently consolidated Rosario/San Marcial Mining Camp in south eastern Sinaloa, Mexico. The Rosario/San Marcial mining concession consists of two past producing mines and numerous known high-grade deposits. The project has significant resources and historic reserves with extensive production related infrastructure in place. New Silvermex is led by a highly experienced and successful team, comprised of top executives from leading corporations in the silver mining sector.
