

Join Symposium at the March 2011 Resources Roadshows in Sydney and Melbourne

15.03.2011 | [ABN Newswire](#)

13:51 AEST Mar 15, 2011 ABN Newswire (C) 2004-2011 Asia Business News PL. All Rights Reserved.

Sydney, Australia (ABN Newswire) - Join us in Sydney on Tuesday the 22nd March and in Melbourne on Wednesday the 23rd March 2011 to hear from A-Cap Resources, Frontier Resources, Incremental Oil and Gas and Strike Resources.

Its going to be very informative this month and lots to discuss. In both Sydney and Melbourne one lucky attendee will go home with an iPod Nano, designed for music and Multi-Touch, iPod nano is smaller and lighter than ever. You can clip it to your sleeve, jacket, or running shorts and keep your favorite songs at your fingertips - along with a built-in FM radio and a pedometer to track your steps but you have to be there to be in the running!

EVENT DETAILS

- DATE: Tuesday 22nd in Sydney and Wednesday 23rd in Melbourne
- TIME: 4.00pm for a 4:30pm start (Sydney), 12.00pm for a 12.30pm start (Melbourne)
- VENUE: Westpac Forum, 275 Kent Street, Sydney - opposite Wynyard station on Kent Street. Morgans at 401, 401 Collins Street, Melbourne

PRESENTING COMPANIES

A-Cap Resources Limited (ASX: ACB)

<http://www.acap.com.au/>

A-Cap Resources was the first company to define a JORC compliant resource in Botswana, currently at 158 Mlbs U308 - targeting 300 Mlbs.

Managing Director Dr Andrew Tunks will discuss the future for A-Cap Resources - from the highly anticipated resource upgrade to the company's transition from explorer to producer - expected 2012/2013

[Frontier Resources Limited \(ASX: FNT\)](#)

<http://www.frontierresources.com.au/>

Frontier Resources Ltd is an active ASX listed junior mineral exploration company, that is focused on exploring for and developing mineral deposits in the highly mineralised Pacific 'Rim of Fire' in Papua New Guinea and the highly prospective Dolcoath Granite and Mt Read Volcanics of Tasmania.

Frontier recently completed a very large (~21 km2), grid-based geophysical, geochemical and geological exploration program that demonstrated a major mineralised system with compelling new drilling targets in multiple prospect areas.

Incremental Oil and Gas Limited (ASX: IOG)

<http://www.incrementaloilandgas.com>

Incremental Oil and Gas Ltd is a producing oil and gas company. Our strategy is to identify and acquire underperforming oil fields and to increase production and recoveries. IOG's primary focus is production rather than high risk exploration, with a strong emphasis on positive cashflow.

IOG was launched in mid-2009 and has been profitable over its first year of operations.

[Strike Resources Limited \(ASX: SRK\)](#)

<http://www.strikeresources.com.au/>

Strike Resources is an Australian-listed resources company with two principal projects in the attractive bulk commodities market. Their Apurimac and Cuzco Iron Ore projects in Peru are large-scale projects, with Apurimac in the Pre-feasibility Study stage. The company is seeking to establish a 10 - 20 million tonne per annum (Mtpa) operation based on current JORC Indicated and Inferred Resources of 270Mt with significant exploration upside.

About Symposium:

Symposium exists to connect the Australian resources industry with the investment community at both a domestic and international level. We provide a range of opportunities for mining, coal, oil, gas and other energy-related businesses to present to and engage with potential investors. Our events, from monthly roadshows to annual conferences in Australia as well as North America and China are all specifically designed to showcase the resources industry, raise awareness and create mutually beneficial business partnerships. For more information see: www.symposium.net.au
