

SandRidge Mississippian Trust I Announces Pricing of Upsized Initial Public Offering

07.04.2011 | [PR Newswire](#)

OKLAHOMA CITY, April 6, 2011 /PRNewswire/ -- SandRidge Mississippian Trust I (the Trust) announced today that it has priced its initial public offering of 15,000,000 common units at a price per common unit of \$21.00. The 15,000,000 common units being sold in the offering represent an approximately 54% beneficial interest in the Trust. The underwriters have 30 days to exercise an option to purchase an additional 2,250,000 common units from the Trust to cover over-allotments, if any. This offering was increased from a previously announced offering size of 12,500,000 common units to 15,000,000 common units and priced at the top end of the expected price range of \$19.00 to \$21.00 per common unit. The offering, which is subject to customary closing conditions, is expected to close on or about April 12, 2011.

The initial public offering of the Trust's common units is being made pursuant to a Registration Statement on Form S-1 and Form S-3 previously filed with the U.S. Securities and Exchange Commission. The common units being offered have been approved for listing on the New York Stock Exchange under the symbol 'SDT.' Following completion of the offering, SandRidge Energy, Inc. (SandRidge)

will own 6,000,000 common units and 7,000,000 subordinated units in the Trust, assuming no exercise of the underwriters' over-allotment option, and the Trust will have a total of 28,000,000 units outstanding.

The Trust will own royalty interests conveyed to it by SandRidge which will entitle the Trust to a percentage of the proceeds received by SandRidge from the production of hydrocarbons from currently producing wells and development wells to be drilled by SandRidge on approximately 42,600 net acres in the Mississippian formation in northern Oklahoma.
