About Great Basin Gold

Great Basin Gold (GBG: TSX; GBG: NYSE Amex; GBG: JSE) is a mining company engaged in the exploration and development of gold properties. The Company is currently focused on bringing two mines into production in the world's two richest gold regions. The Hollister gold mine is located on the Carlin Trend in Nevada, USA and the Burnstone gold mine, is located in the Witwatersrand goldfield of South Africa.

No regulatory authority has approved or disapproved the information contained in this news release.

This release includes certain statements that may be deemed 'forward-looking statements'. All statements in this release, other than statements of historical facts, that address possible future commercial production,

reserve potential, exploration drilling results, development, feasibility or exploitation activities and events or developments that Great Basin Gold expects to occur are forward-looking statements. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results or developments may differ materially from those in the forward-looking statements. Factors that could cause actual results to differ materially from those in forward-looking statements include market prices, exploitation and exploration successes, continuity of mineralization, uncertainties related to the ability to obtain necessary permits, licenses and title and delays due to third party opposition, geopolitical uncertainty, changes in government policies regarding mining and natural resource exploration and exploitation, and continued availability of capital and financing, and general economic, market or business conditions. Investors are cautioned that any such statements are not guarantees of future performance and those actual results or developments may differ materially from those projected in the forward-looking statements. For more information on the Company, Investors should review the Company's annual Form 40-F filing with the United States Securities and Exchange Commission and its home jurisdiction filings that are available at [www.sedar.com](http://www.sedar.com).
