

Orofino Gold Corp (ORFG) Releases Additional Laboratory Test Results of La Azul Rock Samples

14.04.2011 | [PR Newswire](#)

MEDELLIN, Colombia, April 14, 2011 /PRNewswire/ -- Orofino Gold Corp. (PINK OTC: ORFG) is pleased to announce results from random chip samples from within their La Azul mining area in Colombia that indicate very high grades. A complete listing of Acme Analytical Laboratories reports is available on the Company's website at <http://www.oroфинogoldcorp.com/>

Highlights

- Random chip samples returned high grades to 40.20 grams of gold per tonne in average (or 1.29 troy ounces per tonne) by adopting fusion method (G6Gr).
- Random chip samples returned grades to 107.40 grams of silver per tonne in average (adopting aqua regia digestion method - 7AR).

Details

The best results generated 63.30 grams of gold per tonne (or two troy ounces of gold per tonne) and 202 grams of silver per tonne (or six and a half troy ounces of silver per tonne).

Chip samples returned 40.20 grams of gold per tonne in average (or 1.29 troy ounces per tonne).

Chip samples returned 107.20 grams of silver per tonne in average (or 3.45 troy ounces per tonne).

Laboratory Test Summary

La Azul chip samples represent rocks from mining areas which were extracted from or near the vein systems. These rocks indicate high grades of gold and silver well above industry-wide averages.

The chip sample grades are reported below:

These samples and their results are excellent with average grades exceeding 40 grams per tonne. The company will carry-out more chip samples and begin larger scale trenching near the producing mines on the company's 9076 acres of tenure.

About Orofino Gold Corp.

Orofino Gold is a Colombian based gold producer, founded as a private company in 2009 by former executives with over 50 cumulative years in mining exploration, finance, and development expertise. Orofino's corporate objective is to continue to build shareholder value through the exploration and development of The Senderos de Oro Gold Camp and additional accretive acquisitions, capitalizing on the extensive experience and relationships that management has developed over the past 25 years.

Forward-Looking Statements: The statements by our officers, and other statements regarding optimism related to the business, expanding exploration and development activities and other statements in this press release are forward-looking statements within the meaning of the Securities Litigation Reform Act of 1995. Such statements are based on current expectations, estimates and projections about the Company's business. Words such as expects, anticipates, intends, plans, believes, sees, estimates and variations of such words and similar expressions are intended to identify such forward-looking statements. These statements are not guarantees of future performance and involve certain risks and uncertainties that are difficult to predict. Actual results could vary materially from the description contained herein due to many risk factors that affect the industry the Company operates in and other risk factors listed from time to time in the Company's Securities and Exchange Commission (SEC) filings under 'risk factors' and elsewhere. The forward-looking statements contained in this press release speak only as of the date on which they are made, and the Company does not undertake any obligation to update any forward-looking statement to reflect events or circumstances after the date of this press release.
