## About Goldstone

Goldstone Resources Inc. is a gold exploration and development company operating in the historically significant Geraldton-Beardmore camp of Northwestern Ontario and focused on gold exploration and deposit delineation at its Key Lake, Brookbank, Northern Empire and Leitch-Sand River gold properties, and as a partner in the Hardrock Project joint venture with Premier Gold. Goldstone's 100%-owned NI 43-101 compliant resources in the Beardmore area total more than 800,000 ounces. In April 2011, Premier announced an updated NI 43-101 resource estimate for the Hardrock Project in the Geraldton area of 3.6 million ounces of gold of which Goldstone has a 30% interest, or more than 1 million ounces. The camp is host to several past producers in a district that has historical production of more than 4.1 million ounces of gold from high grade ore—before being shut down primarily as a result of a \$35 gold price - and to Goldstone's fully permitted, expandable 200-TPD Northern Empire mill.
