About Foundation Resources Inc.

Foundation is a mineral exploration company focused on exploration and development of gold and base metal properties in Canada and Mexico. Its flagship Coldstream gold project in the Shebandowan greenstone belt and Mitchell base metal property in the Birch-Uchi greenstone belt east of Red Lake, occur within the Western Superior geological province of the Canadian Shield, noted for hosting prolific gold and base metal deposits in Ontario, Canada. The San Rafael gold-silver property is located approximately 150 km northwest of Durango in the Durango State, Mexico.

On behalf of the board,

Ike Osmani

President & Director

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release." News release contains certain "Forward-Looking Statements" within the meaning of Section 21E of the United States Securities Exchange Act of 1934, as amended. Forward-looking statements are based on numerous assumptions and are subject to all of the risks and uncertainties inherent in the Company's business, including risks inherent in resource exploration and development. As a result, actual results may

vary materially from those described in the forward-looking statements.
