GOLDEN, Colo., June 30, 2011 /CNW/ --[Atna Resources Ltd.](#) ('Atna' or the 'Company') (TSX: ATN/ OTCBB: ATNAF) is pleased to report that it has signed an agreement to sell 135 unpatented mining claims in the Atlanta District, Lincoln County, Nevada. The purchase and sales agreement provides [Meadow Bay Gold Corp.](#) (TSX.V: MAY) a twelve month option to purchase the property. Terms of the agreement include an initial consideration of US\$150,000 and 400,000 shares of Meadow Bay common stock. The sale will be finalized upon Atna's receipt of the final US\$100,000 payment on or before the first anniversary of the agreement. In addition, Atna will retain a three percent Net Smelter Return Royalty of which one percent can be purchased by Meadow Bay for US\$1,000,000 prior to the fifth anniversary.

The sale of the Atlanta claims is consistent with our strategy of monetizing or joint venturing our non-core property assets, while retaining long-term exposure to any exploration and development success that may result from those properties through either royalty or equity positions. This allows us to focus our efforts on advancing or optimizing our core development and gold production properties,' states James Hesketh, President & CEO.
