IMPACT Silver Corp. ("IMPACT" or the "Company") has resumed operations at the 500 tonnes-per-day ("tpd") Guadalupe Processing Plant after an accident that occurred at the plant on July 7, 2011. The plant was shut down immediately for three consecutive days to allow for a formal investigation of the circumstances, however, other exploration and mining activities operated as normal.

IMPACT is committed to developing and implementing the highest safety standards for its employees in Mexico. The Company is taking the appropriate and measured steps to return the plant to production by utilizing both the experience of the mines' safety staff, and will be engaging independent consultants to ensure ongoing safety and stability of the plant and the Company's personnel.

IMPACT Silver Corp. is a profitable silver-focused mining and exploration company operating in Mexico with a producing silver operation at the 423 km² Royal Mines of Zacualpan District, the Capire Mine Development Project in the adjacent 200 km² Mamatla Mineral District and a portfolio of projects with an operational processing plant at Zacatecas. Additional information including drill plans can be found on the company website at www.IMPACTSilver.com.

On behalf of the Directors of IMPACT Silver Corp.,
