

Windstorm Resources Inc. Announces Vp Exploration

28.07.2011 | [The Newswire](#)

Jul 28th, 2011 (via Thenewswire.ca) -- Windstorm Resources Inc. (TSX-V: WSR, FRA: 4WE, WKN: A1H700, "Windstorm" or the "Company") is pleased to announce the appointment of Mr. Carl Verley, B.Sc., P.Geol. as its Vice President of Exploration.

Mr. Verley has over 35 years of experience, during which time he has explored for precious metals, base metals and diamonds in northern and western Canada, USA, South America, Africa and Southeast Asia. He is a director of [Mountain Province Diamonds Inc.](#) and has served on the boards of several other TSX Venture listed companies. He is a Member of the Association of Professional Engineers and Geoscientists of B.C., a Fellow of the Geological Association of Canada, a member of the Canadian Institute of Mining and Metallurgy and the Society of Economic Geologists and he is past President of the Geological Association of Canada Cordilleran Section.

Gerry Carlson, Windstorm's President, said "We are delighted that Carl has chosen to join the Windstorm team. He brings a wealth of experience in mineral exploration combined with a broad knowledge of mineral deposits on a global scale. This background will be invaluable as he takes direct charge of Windstorm's expanding quest for precious metals in Mexico."

About Windstorm Resources Inc.

Windstorm Resources is a new company focused on precious metals exploration in Mexico, led by an industry-renowned management team with technical expertise and market experience. Management continues to evaluate quality drill-ready prospects aiming to build an attractive portfolio of gold and silver projects offering multiple opportunities for discovery success. Windstorm is a member of the Grosso Group, a management company specializing in resource exploration for over 18 years.

ON BEHALF OF THE BOARD

"Gerald Carlson"
Dr. Gerald Carlson, President & CEO

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.

This news release may contain forward-looking statements including but not limited to comments regarding the timing and content of upcoming work programs, geological interpretations, receipt of property titles, potential mineral recovery processes, etc. Forward-looking statements address future events and conditions and therefore involve inherent risks and uncertainties. Actual results may differ materially from those currently anticipated in such statements. Readers are encouraged to refer to the Company's public disclosure documents for a more detailed discussion of factors that may impact expected future results. The Company undertakes no obligation to publicly update or revise any forward-looking statements. We advise U.S. investors that the SEC's mining guidelines strictly prohibit information of this type in documents filed with the SEC. U.S. investors are cautioned that mineral deposits on adjacent properties are not indicative of mineral deposits on our properties.
